In consciousness at one with God  
we find this holy place,  
a place where we're not limited  
by person, time, or space.

This secret place of oneness,  
unknown to mortal thought,  
is seen and felt in Spirit,  
as the kingdom Jesus taught.

Our refuge and our fortress,  
with safety guaranteed,  
our trust in the Almighty  
supplies our every need.

This place is our true dwelling,  
where we live and move and breathe;  
a place of peace and harmony,  
a place we never leave.

This secret place is here and now  
beneath, around, above;  
His tender presence everywhere –  
an all-inclusive Love.
