Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

God's preserving grace shows compassion unsurpassed,
Your immortal force lifts me from a sinful past.
You open wide my thought to immortality.
You prove to me Your truth, and answer all I've asked.

Under God's broad shadow of shelter and defense,
All evil falls and loosens its ugly pretense.
God is immortal Mind, Your force is spiritual and strong,
You stir thought to higher ways, so healing can commence.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

God reveal to me our precious at-one-ment.
Let Your grace and mercy show forth Your high intent.
Hide me in Your presence, safe within Your warm embrace,

No evil ever touches me, within You I am content.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

God I ever trust. In God I ever rest.
Within Your safe borders we are constantly blest.
Your ever-presence here to stay, no where can we go astray.
We are forever in Your home, as Your welcomed guest.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.

Touched by Your love divine,
Embraced in Your pure place,
Uplifted by Your healing sign,
I feel Your loving grace.
