If I were to ask you  
Of infinite Love  
How would you define Him?  
Would you softly say:  
He's Truth, He's pure,  
He's glorious, He's glorious, He's glorious, He is glorious indeed.

If I were to ask you  
Of infinite Soul.  
How will you express Him?  
Will you gently show:  
He's Truth, He's pure,  
He's glorious, He's glorious. He's glorious, He is glorious in deed.

Will you show to all men  
His redeeming law?  
Will you prove to mankind,  
His hand's power you see?  
He's Truth, He's Mind,  
He's glorious, He's glorious. He's glorious, He is glorious in deed.

Confirm His presence by restoring,  
Display His nearness by renewing,  
Uphold His power by redeeming,  
For works are greater than words!

Will you now heal with Him,  
As infinite Love?  
Will you now walk with Him?  
Will you ably prove:  
He's Truth, He's pure,  
He's glorious, He's glorious. He's glorious, He is glorious in deed.

He's glorious, He's glorious. He's glorious, He is glorious to me.
